

March 21 @ 12:30 PM - Race in America - Peace Dialogues is designed as a safe, grace-filled place for our church community to discuss various topics of inequality and injustices in our world today. Through dialogue with one another we hope to gracefully explore challenging and sometimes controversial topics in our search to see God's plan and hear God's call more clearly. This Sunday's topic is on race in America. In 2020 across this nation and worldwide we saw an increase in protests against racial inequality. Join us as we reflect on our thoughts and reactions to race relations in America. It is through our reflections and listening to one another that we hope to listen for and hear God's call.
